

Directions

Driving Directions

Your program will take place at the **Tillamook Forest Center**. Please provide a copy of the directions to your bus company when making your transportation arrangements. Please ensure adequate travel time. It is best to have a bus dedicated to your field trip visit for the entire day, instead of a bus that is assigned to routes. This avoids late arrivals and early departures due to bus routes and reducing program offerings. Late arrivals or early departures of 15 minutes or more will result in a program modification which will require cutting part of the program (shortening lunch is not an option for staff). The inability to participate for the entire duration of the field trip will jeopardize the ability for teachers/group leaders to schedule future field trips.

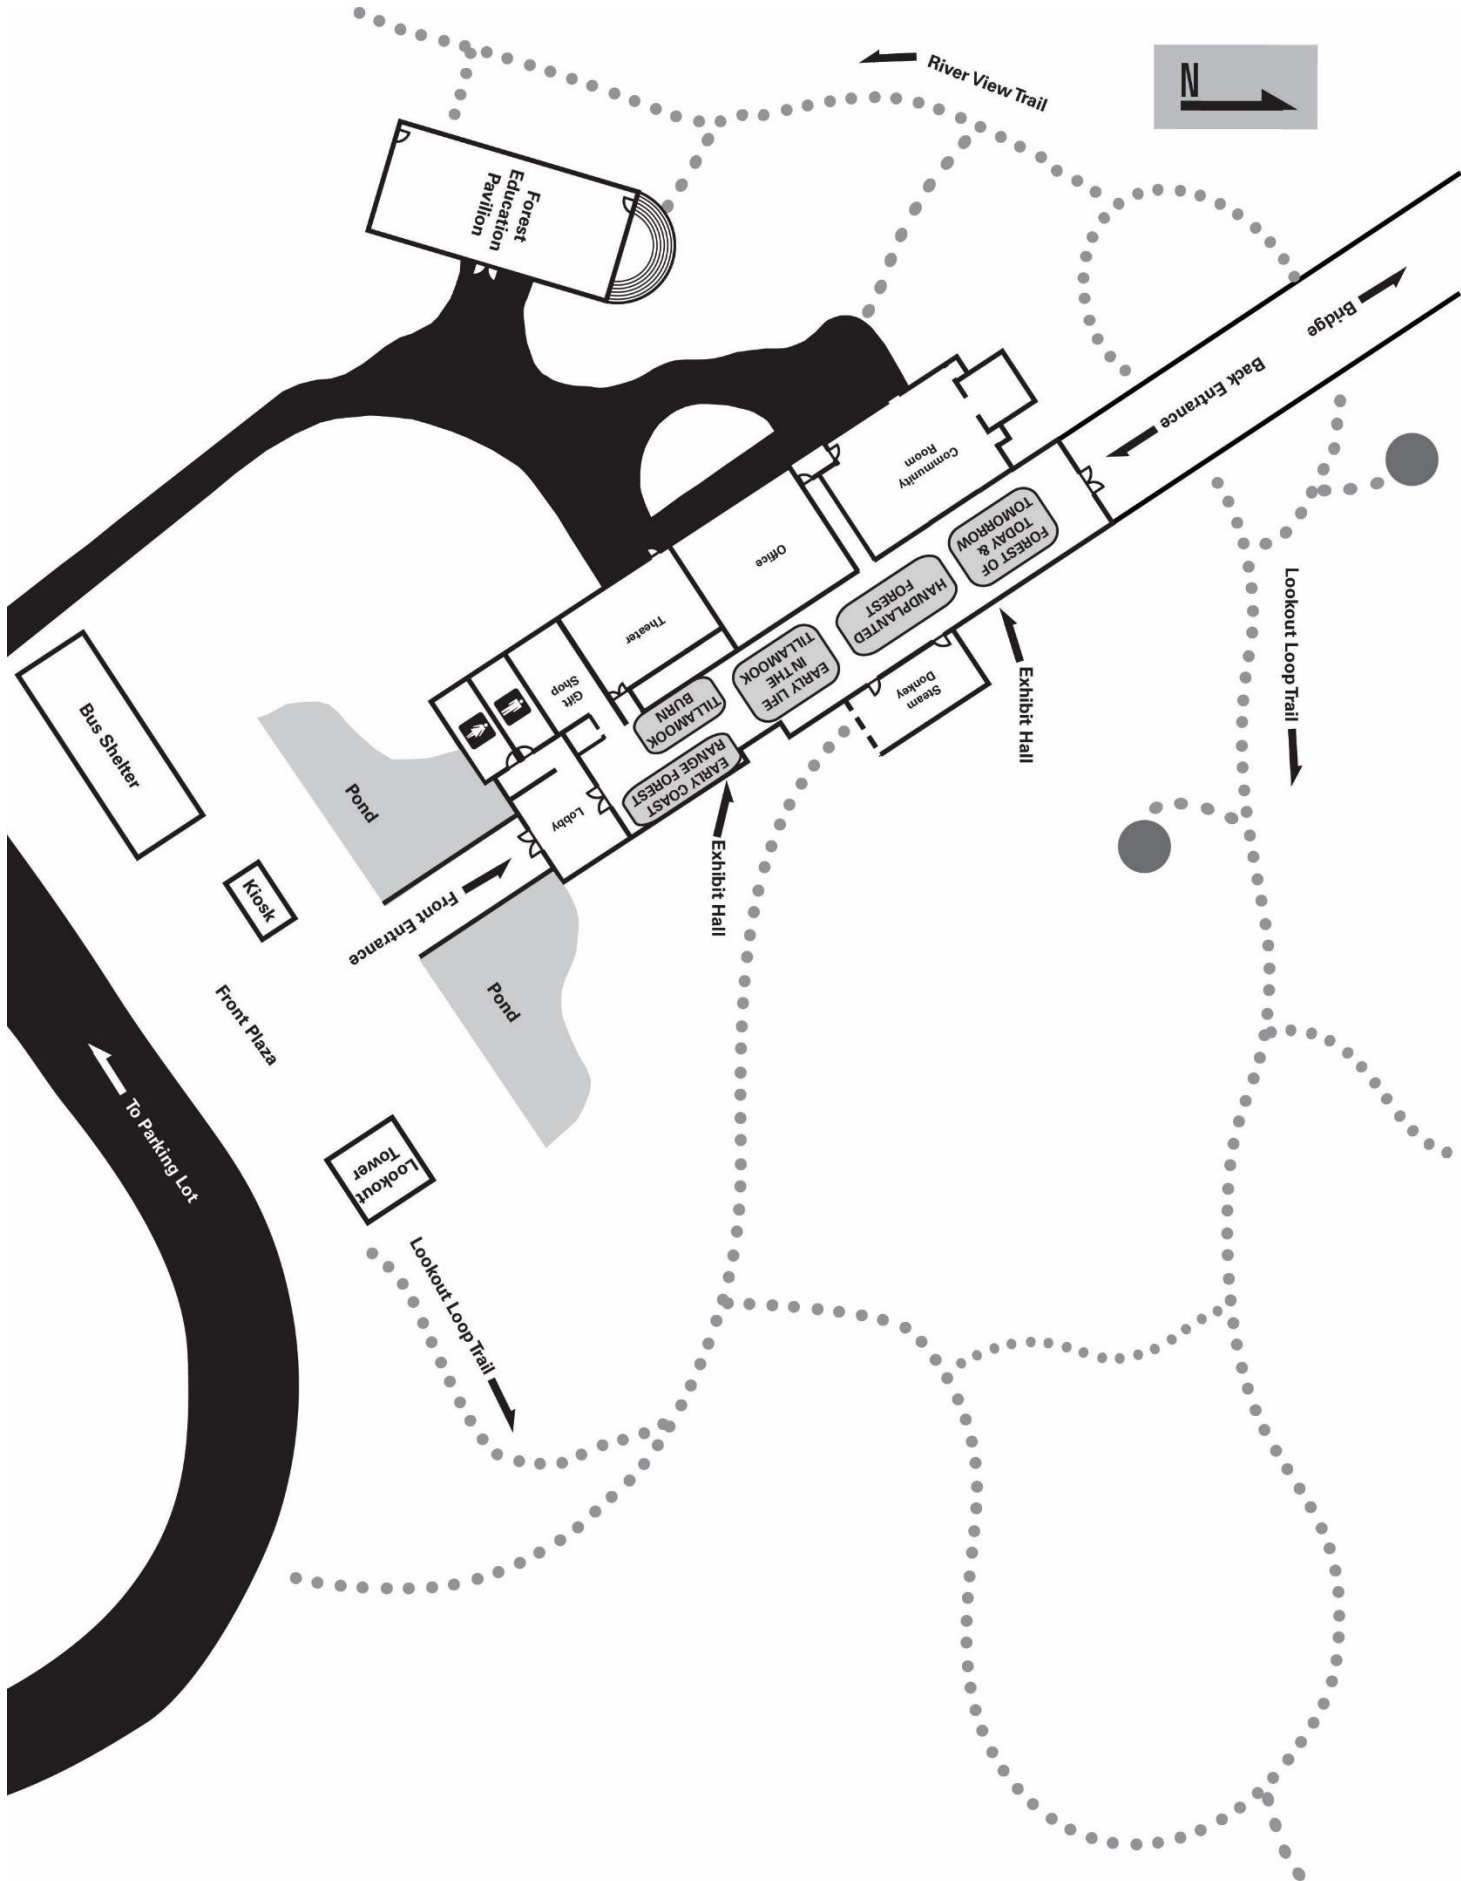

From Portland

Travel west from Portland on the Sunset Highway (US 26) toward the Oregon Coast. Take Exit 53 marked "Highway 6 | Tillamook". This is a left-side exit. Continue 29 miles west on Highway 6. The **Tillamook Forest Center** and the **Smith Homestead Day-Use Area** are both located between mileposts 22 and 23. The center is about one quarter mile west of the Smith Homestead.

From Tillamook

Travel east from Tillamook on Highway 6. The **Tillamook Forest Center** and the **Smith Homestead Day-Use Area** are both located between mileposts 22 and 23.

For student safety, please use the curb closest to the building to unload and load at the bus shelter. After unloading the bus driver will park in the RV/bus parking slots. We ask bus drivers return to the bus loading area at the end of the day for student safety.
