Keep one for a souvenir!**

The pioneers...

Homesteading was a means of obtaining land when people were migrating to the west to improve their lives. They cleared and worked the land for five years, and then received land from the government. Today, homesteading is still a way of life where people choose to farm or garden, and make and store their own food.

What were the name(s) of a family that homesteaded in the Tillamook State Forest?

Stage coach stop...

**look in "Remembering Stagecoach Days" book for answers to the following questions.*
